INTRODUCTION

The Allocated Reserves are funds put to one side for the completion of projects already approved by the Town Council.

Unallocated reserves are funds that remain in the bank accounts to cover eventualities over and above the budgeted costs. A healthy balance of approximately £50-60k is recommended to sustain the reserves.

This year the Council have capped expenditure and reduced cost centres therefore the unallocated reserves balance predicted for the year end 2021.22 should be approximately £126,393 compared to 2020.21's figure of £120,692.

The balance held in the General reserve account should be between 3 and 12 months expenditure and be no higher than the precept requested. For the year 2022.23 this should be between £109,995 and £369,677. The precept request of £369,677 was agreed in the new budget calculations at the Council meeting held on 16 December 2021 min no 246/21.

SUMMARY

Hythe Town Council have postponed projects intended for 2021.22, this enables the Council to concentrate on The Queen's Jubilee and The Speakership of the Cinque Ports. Any costs unspent from the budget at the end of each financial year are usually transferred into reserve accounts.
