Conduct while representing the Council

Clear desk policy

To improve security and confidentiality, you are required to ensure that when your workstation is unoccupied you take all necessary steps to clear your workstation of any sensitive and confidential information.

This ensures that all sensitive and confidential information, whether it be on paper, a storage device, or a hardware device, is properly locked away or disposed of when a workstation is not in use. This policy will reduce the risk of unauthorised access, data protection breaches, loss of, and damage to information during and outside of normal business hours or when workstations are left unattended

Whenever a desk is unoccupied for an extended period the following will apply:

- All sensitive and confidential paperwork must be removed from the desk and locked in a drawer or filing cabinet. This includes mass storage devices such as CDs, DVDs, and USB drives.
- All wastepaper which contains sensitive or confidential information must be placed in the designated confidential waste bins. Under no circumstances should this information be placed in regular waste paper bins.
- Computer workstations must be locked when the desk is unoccupied and completely shut down at the end of the workday.
- Laptops, tablets, and other hardware devices must be removed from the desk and locked in a drawer or filing cabinet.
- Keys for accessing drawers or filing cabinets should not be left unattended at a desk. Printers and fax machines should be treated with the same care.

Personal searches

The Council may reasonably request to search your clothing, personal baggage, personal storage areas or vehicles. An authorised person must conduct any such search in the presence of an independent witness. Should you refuse such a request, the Council will require the appropriate authorities to conduct the search on behalf of the Council.

Failure to cooperate with the Council in this respect may be treated as gross misconduct.

Personal property

You are solely responsible for the safety of your personal possessions on Council premises and should ensure that they are always kept in a safe place. If you find an item of lost property on the premises, you are required to inform management immediately.

Environment

To provide a cost-effective service you are requested to use Council equipment, materials, and services efficiently. You should try to reduce wastage and the subsequent impact on the environment by ensuring that you close windows, avoid using unnecessary lighting or heating or leaving taps running, switch off equipment when it is not in use and handle all materials with care.

Breach of this policy

A breach of the Council's standards of behaviour is likely to result in disciplinary action being taken.
