WWW.HYTHE-TC.GOV.UK/POLICIES/GENERAL

This Policy was adopted by the Council at its meeting held on 26 April 2021

Minute 318/20

GOVERNING BODY: HYTHE TOWN COUNCIL, TOWN COUNCIL OFFICES, OAKLANDS, 1 STADE STREET,
HYTHE, KENT. CT21 6BG

1. Policy statement

- 1.1. This policy is intended to help Councillors and Council staff make appropriate decisions about the use of social media such as emails, blogs, wikis, social networking websites, podcasts, forums, message boards or comments on web articles, such as Twitter, Facebook, LinkedIn, and other relevant social media websites. The policy relates to Councillors and Staff whilst acting for/on behalf of the Council and /or in their official capacity.

The Council will encourage the use of social media for the purposes of:

- Providing and exchanging information about services.
- Supporting local democracy.
- Gathering citizen insights and managing citizen relationships.
- Promoting cultural events or tourism for the area.
- Supporting community cohesion, neighbourliness, and resilience
- Creating internal communications and learning and development.

- 1.2. This policy outlines the standards the council requires councillors and staff to observe when using social media, the circumstances in which the council will monitor the use of social media and the action to be taken in respect of breaches of this policy.
- 1.3. This policy supplements and should be read in conjunction with all other policies and procedures adopted by the council, such as the Equal Opportunities Policy, Data Protection Policy, Disciplinary Procedure, and Members Code of Conduct.
- 1.4. This policy does not form part of any contract of employment, and it may be amended at any time.

2. Who is covered by this policy

- 2.1. This policy covers all individuals working at all levels with the council, including all elected and co-opted councillors, the clerk to the council and all other employees and volunteers (collectively referred to as staff in this policy).

3. The scope of this policy

- 3.1. The council has a corporate presence on the web and by use of email, which it uses to communicate with people who live in, work in and visit the Town. The council will always try to use the most effective channel for its communications. We may ask those who contact us for their preferred channel of communication when we deal with them. Over time the Town Council may add to the channels of communication that it uses as it seeks to improve and expand the services it delivers. When these changes occur, this social media Policy will be updated to reflect the new arrangements.
- 3.2. All members and staff are expected to always comply with this policy to protect the reputation, privacy, confidentiality, and interests of the council, its services, employees, partners, and the community.

- 3.3. Serious breaches of this policy by employees may be dealt with under the Employee Disciplinary Procedure. The council may take disciplinary action in respect of unlawful, libellous, harassing, defamatory, abusive, threatening, harmful, obscene, profane, sexually orientated or racially offensive comments by an employee.
- 3.4. Breach of the policy by volunteers will result in the council no longer using their services and, if necessary, appropriate action will be taken.
- 3.5. Behaviour required by the Members' Code of Conduct shall apply to online activity in the same way it does to other written or verbal communication. Members will bear in mind that inappropriate conduct can still attract adverse publicity, even where the code does not apply. Remarks are easily withdrawn, apologised for, and forgotten when made in person, but posting them on the internet means that they have been published in a way that cannot be contained. Online content should be objective, balanced, informative, and accurate. Members must be aware that their profile as a councillor means the more likely it is they will be seen as acting in an official capacity when blogging or networking. It must be remembered that communications on the Internet are permanent and public. When communicating in a 'private' group it should be ensured that the council would be content with the statement should it be made public.

4. Rules for using social media.

- 4.1. Staff and councillors must not allow their interaction on any Council-run websites/blogs to damage their working relationships with others. They must not make any derogatory, discriminatory, defamatory, or offensive comments through this site, about other staff, councillors, the council or about the people, businesses, and agencies the council works with and serves.
- 4.2. Posts must not contain anyone's personal information, other than necessary basic contact details.
- 4.3. If staff or councillors blog or tweet personally, and not in their role as a councillor, they must not act, claim to act, or give the impression that they are acting as a representative of the council. They should not include web links to official council websites as this may give or reinforce the impression that they are representing the council.
- 4.4. All staff and councillors must ensure they use council facilities appropriately. If using a council-provided website, blog site or social networking area, any posts made will be viewed as made in an official capacity. Do not use council facilities for personal or political blogs.
- 4.5. The Council will appoint a nominated person as moderator. They will be responsible for posting and monitoring the content on council pages, ensuring it complies with the social media policy. The moderator will have the authority to immediately, without notice or comment, remove any posts from the council's social media pages if they are deemed to be inflammatory or of a defamatory or libellous nature. Such posts will also be reported to the Hosts (i.e., Facebook) and the clerk for council records.

4.6 The Council will appoint a nominated “Webmaster” to maintain and update the Website

It may be used to :

- Post notices and minutes of meetings
- Advertise events and activities.
- Post news stories
- Link to appropriate websites or press pages if those sites meet the council’s expectations of conduct

- Post or Share information promoting bodies for community benefit such as schools, Scouts, Sports Clubs, and Community Groups.
- Post other items as the council see fit.
- Facebook and/or Twitter, etc, may be used to support the website and its information as above.

4.6. Staff and individual Town councillors are responsible for what they post. They are personally responsible for any online activity conducted via their published e-mail address, which is used for council business. Both staff and councillors are strongly advised to have separate council and personal email addresses.

4.7. All social media sites in use should be checked on a regular basis to ensure that security settings are in place.

4.8. When participating in online communication staff and councillors must.

- Be responsible and respectful; be direct, informative, brief, and transparent.
- Always disclose their identity and affiliation to the council.
- Never make false or misleading statements.
- Not present themselves in a way that might cause embarrassment. They must protect the good reputation of the council.
- Be mindful of the information posted on sites and make sure personal opinions are not published as being that of the council.
- Keep the tone of comments respectful and informative, never condescending or “loud.” Use sentence case format, not capital letters, and do not write in red to emphasise points. Refrain from posting controversial or potentially inflammatory remarks. A language that may be deemed as offensive relating to race, sexuality, disability, gender, age or religion or belief should not be published on any social media site.
- Avoid personal attacks, online fights, and hostile communications.
- Do not post comments that you would not be prepared to make in writing or face-to-face.
- Never name an individual third party unless you have written permission to do so.
- Seek permission to publish original photographs or videos from the persons or organisations in the video or photograph before they are uploaded. You must check that there is parental permission before photos of children are used.
- Respect the privacy of other councillors, staff, and residents.

- Never post any information or conduct any online activity that may violate laws or regulations, such as libel and copyright.
- Spell and grammar check everything.

5. Responding to Social Media Communication

- 5.1. Residents and councillors should be aware that not all communication through social media requires a response, although an acknowledgement should be made if appropriate.
- 5.2. If a matter raised in any form of social media needs further consideration by the council, it may be raised at either the open forum or as a full agenda item for consideration by a quorum of Councillors. Again the 'poster' shall be informed via the page or direct message that this is the case and invited to contact the clerk directly. Any response agreed upon by the council will be recorded in the minutes of the meeting.
- 5.3. Reports of any concerns regarding the content placed on social media sites should be reported to the Clerk for referral to the moderator(s) and/or council as required.
- 5.4. The Policy will be reviewed annually.

6. Acceptable use of Computers and Internet usage

- 6.1. The council's computer systems are important to its operation. The council wish to protect its staff and volunteers from the possible consequences of misuse. Staff using the computers and/or the internet link must not be used for browsing certain sites or downloading files from these sites. If the policy is not adhered to, actions will be taken through Disciplinary procedures.
- 6.2. For the avoidance of doubt, this policy applies to volunteers as well as staff and this includes councillors who make use of the council's computers or internet connection.
- 6.3. The council's computers are for work use only. In order to protect work laptops and computers from risks of data exchange there must be no exchange of data or programmes between councils' computers and employees / volunteers/ councillors own computers without prior written approval from the Town Clerk or in the case of the Town Clerk, from the Chair or Vice Chair of the Council.
